Re: Letter of Recommendation for Emily Suzanne Kollander

To Whom It May Concern:

Ezra Brutzkus Gubner LLP has had the opportunity to work with Emily since April of 2010. Emily's first experience with the firm was part of our annual staff appreciation luncheon. She provided chair massages on all our staff throughout the day. The event was so successful and Emily was such a hit that we decided to bring her back in once a month to provide chair massages firm wide. In order to accommodate our size she will usually come in on a Wednesday and Thursday.

Emily's services have done great things for the moral in our office. Law firms are fast paced, stressful environments. The health and wellness of our staff is very important to us. The stress level appears to have gone down amongst a large population of our staff. Everyone looks forward to having Emily come in once a month. Emily has a great attitude and is very professional. It is a pleasure having her as an honorary part of our team. I would highly recommend her services to anyone.

Please feel free to contact me for any additional information.

Sincerely,

SCOTT DRESSLER
Office Administrator
